02 BRAND FOUNDATION

THE COMMAND BEHIND THE NAME

MISSION

To build leaders who create legacy — rising through AiConnect to the rank of General through dedication, duplication, and relentless growth.

VISION

A nation of battle-proven network leaders who conquer markets, command teams, and carry the AiConnect banner from barrio to boardroom.

LEAD. CONQUER. DOMINATE.

THE COMMAND PILLARS

LEADERSHIP

Generals develop leaders, not followers. Every rank unlocks greater responsibility.

LEGACY

Build something that outlasts the campaign — residual income, lifetime duplication.

DISCIPLINE

Generals show up. Generals deliver. No excuses at this rank.

CONQUEST

New territory, new markets, new records — always expanding the front line.

03 THE LOGO

CROWN, STARS, AND THE COMMAND SEAL

PRIMARY LOCKUP

The full seal: 7-star arc over the trident crown, bold 'THE GENERALS' wordmark in command gold, 'AICONS' sub-band in crimson, and 'Lead. Conquer. Dominate.' tagline. Default for all presentations and event collateral.

ANATOMY

- **7 STARS**
Rank insignia — elite tier achievement
- **TRIDENT CROWN**
Authority, leadership and command

FULL SEAL

Default on black or dark field.

ICON / MONOGRAM

Avatars, app tiles, profile frames.

**THE
GENERALS
AICONS**

LEAD. CONQUER. DOMINATE.

REVERSED / MONO

1-color or embossed applications.

04 CLEARSPACE & SIZING

PROTECT THE COMMAND SEAL

G = CAP-HEIGHT OF 'GENERALS' IN THE MARK

CLEARSPACE RULE

Reserve clear space equal to G — the cap-height of 'GENERALS' — on all four sides. No text, imagery, competing logos, or decorative elements may enter this zone.

MINIMUM SIZES

Full seal — print	38 mm wide
Full seal — digital	160 px wide
Icon / avatar	64 px
Favicon / app tile	32 px (crown+G)
Social profile image	400 × 400 px (with padding)

BACKGROUND CONTROL

Always place on black or deep charcoal (#0A0A0A–#1C1C1C). The gold logo degrades on mid-tones. On light surfaces, use the mono-white version inside a black container plate.

05 LOGO MISUSE

DISHONORING THE MARK

DO NOT STRETCH / SQUASH

DO NOT RECOLOR THE GOLD

DO NOT ROTATE OR TILT

DO NOT ADD GLOW OR SHADOW

DO NOT PLACE ON LIGHT FIELDS

DO NOT OUTLINE OR MIRROR

06 COLOR COMMAND

GOLD HIERARCHY, CRIMSON AUTHORITY, BLACK SUPREMACY

THE GOLD HIERARCHY

Used for headlines, crown, stars, and border ornaments. The darker tone anchors; the bright tone catches the light — mimicking forged metal.

USAGE PROPORTION

Black dominates — this brand commands darkness. Gold is the light that cuts through. Crimson marks courage and conflict — used for the AICONS wordmark, wing accents, and danger-zone CTAs.
